

MONONA GROVE SCHOOL DISTRICT

Board Policy 721

BUILDING AND GROUNDS INSPECTIONS

Safety inspections are one of the principal means of determining possible causes of accidents before they cause injury. Inspections should not be limited to the search for unsafe physical conditions, but should also include examination to detect unsafe practices.

The school buildings shall be inspected at least annually. Inspections shall be supervised by the Director of Buildings, Grounds and Transportation.

Unsafe conditions are to be identified and corrected as soon as possible.
